

RUST REMOVER SPRAY

EAN code: 5907588460026 item no.: 001025 cap. 200ml

EAN code: 5907588470032 item no.: 001026 cap. 400ml

+ PROPERTIES

Rust remover spray is used to remove oxides formed on the metal surface. High grade oil with excellent penetrating properties and MoS₂ additive makes the surface lubricated and permanently protected against mechanical and atmospheric factors, e. g. corrosion. Thanks to its properties, this agent allows you to unscrew rusted bolts and nuts, spark plugs. Cleans and maintains chains, brake systems, and hinders the re-formation of rust. It works quickly and effectively.

• COLOUR

colorless

☞ METHOD OF USE

Shake the container well for about 3 minutes before use. Apply the product to the surface or rusted part. Remove rust and dirt 5-15 minutes after the agent reaches the part, then unscrew the rusted part. After use, invert the container and spray until the valve is empty.

↓ APPLICATION

Remove larger patches of rust and dirt

Mix thoroughly

Apply to the rusted part

After 5-15 minutes, remove the residue and then unscrew the rusted part

After use, invert the container and spray until the valve is empty

PHYSICAL PROPERTIES

boiling point:	-44°C
flash point:	-97°C
auto ignition temperature:	220°C
flammability limits:	upper: 10. 9% vol. / lower: 0. 6% vol.
density at 20°C:	0,700 g/cm ³

STORAGE CONDITIONS

Protect the product from excessive heat and cold. Avoid direct exposure to sunlight. Store in a dry place.

SHELF LIFE

24 months from the date of production placed on the package.

SAFETY

See Safety Data Sheet.

OTHER INFORMATION

All technical data are approximate values. We advise you to test the material to ensure suitability for your specific application. The producer reserves the right to improve the product and change the technical conditions with the possibility of making changes inside the specification.
