

#### **SILICON REMOVER**

EAN code: 5907588400015 item no.: 003002 cap. 11 EAN code: 5907588403870 item no.: 0030021 cap. 51

#### **PROPERTIES**

Silicone remover is perfect for removing all greasy stains, tar, asphalt, underbody preservatives, dirt and dissolving artificial resins. Prevents craters, eyes or larger inclusions in the applied coating. It can be applied to various surfaces: steel, aluminium, galvanised steel, stainless steel, old paint coats, acrylic primers, polyester putties, plastics.

# COLOUR

colorless

#### **METHOD OF USE**

Wipe oily or dirty surface in one direction using a disposable paper towel soaked in silicone remover. Repeat the process at least twice, each time using a clean cloth. After degreasing the surface, the residue of the remover evaporates. In order to reduce the amount of remover used, it is recommended to use "BOLL silicone remover sprayer".

## **APPLICATION**

Apply to greasy or soiled surface

Wipe in one direction with a disposable paper towel or clean cloth

Wait until the remover residue has evaporated

## **PHYSICAL PROPERTIES**

density (at  $15^{\circ}$ C): 0,744 g/cm³ boiling point: 90-165°C flash point: <  $10^{\circ}$ C auto-ignition temperature: 275°C

flammability limits: upper: 7,0 % vol. / lower: 0,6 % vol.

insoluble in water

volatility factor: 6 (ether = 1)

## **SROTAGE CONDITIONS**

Protect the product from excessive heat and cold. Avoid direct exposure to sunlight. Store in a dry place.

# **SHELF LIFE**

Date placed on the package.

## **SAFETY**

See Safety Data Sheet.

## **OTHER INFORMATION**

All technical data are approximate values. We advise you to test the material to ensure suitability for your specific application. The producer reserves the right to improve the product and change the technical conditions with the possibility of making changes inside the specification.
